Hello Members,

Unfortunately, our current Dockmasters, Jim Gritton and Bob Underwood have announced to the Bridge and Board that they are retiring from their 11 year tenure as HYC Dockmasters. Their time and efforts are and have been greatly appreciated. Their retirement will commence on October 1 of this year.

With that said, I am putting in a request to membership seeking a volunteer or volunteers to take over this position. Jim and Bob have agreed to stay on board for a few months to help transition to the new dockmaster(s). The ideal situation would be to start training the new dockmaster(s) now so they will be ready to take over at the beginning of the next season.

This is pretty much a seasonal position. The general maintenance and marina improvements will still fall under the Vice Commodore's direction. In general summary, the Dockmaster's duties are as follows:

- \* Purchasing of fuels
- \* Management of staff for fuel pumping ( presently open for fueling 3 days a week plus special appointments) Bridge and Board will aid in obtaining the staff.
- \* Maintenance and service of fuel pumps (we currently have a service vendor for this )
- \* Co-ordinate the rental/ leasing of the transient dock and seasonal docks when available.
- \* Maintenance of floating aerators.
- \* Occasional removal of floating logs and debri

HYC is proud that we have many volunteers that are always willing to assist with these maintenance items which makes this job easier. The dockmaster's main job will be managing and coordinating when things need to be done.

Any interested members please contact me at 419 265 0574 or [djfinger1012@gmail.com](mailto:djfinger1012@gmail.com).

Dave Finger

Vice Commodore
