Hello HYC members

I wanted to send out a letter concerning the night of 4-22 at HYC.

We had Steve Brownell scheduled and knew we were going to have a pretty busy night. We had a full Kitchen Staff ready and planned accordingly with a condensed menu. This was a great idea and we should consider doing this for any night where the Club will be crowded. The crew of Sue, Chad, Kayla, Jacob, and Brandi.....did an amazing job keeping the food orders flowing out. It was one of the busiest food nights of the year and they kept everyone at the Club happy with their food orders.

However, we did know beforehand, that we were very light on servers for the night. Only Gina, Lindsey and Jules were available. These 3 employees worked their tails off. And kept their cool and composure in the process. Especially dealing with the rookie bar help of Rollie and Tina Krueger, along with their daughter.....Denise Lewis....and myself. We pulled it off and had an amazing night for our Club. Everyone had a great time and from what I saw and heard.....no major complaints. All members there were very patient and understanding if there were minor delays in getting service.

Overall, I want to personally thank our amazing employees that worked that night. They all worked very hard to make Saturday night a HUGE success. And the Krueger team with Denise Lewis.....we had no chance to succeed without them stepping up and donating their nights to HYC. It is nights like this one that make me realize why I took the steps to become Commodore.

I love this Club and I appreciate everyone involved

See you soon
